a. Discussion. This procedure supplements AR 635–200.

(1) This procedure prescribes guidance for processing applications for dependency or hardship separation for enlisted personnel.

(2) An enlisted service member may be released from active duty or discharged from the Army because of—

(a) Dependency, when by reason of death or disability of a member of his family, family members become principally dependent upon the service member for care or support.

(b) Hardship, when in circumstances not involving death or disability of a member of his family, his separation from the service will materially affect the care or support of his family in alleviation of the hardship. Application is normally submitted to the immediate commanding officer of the individual.

(3) However, an individual assigned to an overseas unit who has returned to the United States on leave or TDY may submit his request for separation to the commander of the Army installation (except Armed Forces Examining and Entrance Stations and Recruiting Main Stations) nearest his leave address, installation to which he is temporarily assigned while awaiting final decision on his application. Personnel on orders for overseas shipment either as individuals or members of units, who have applied for separation will be held at losing station pending final disposition of application. If individuals on emergency leave qualify for early release, they may be released from active duty or discharged under chapter 5, AR 635–200, rather than under chapter 6 for dependency or hardship.

(4) In order to qualify for separation under chapter 6, dependency or hardship must not be of a temporary nature; must have developed or become increasingly worse since entry on active duty; discharge or release from active duty is the only readily available means of alleviation; and the individual must have made reasonable effort to relieve the conditions through other means available and appropriate to the family circumstances. Commanders are required to ensure that adequate guidance and counseling are provided to personnel who apply for dependency or hardship. All assistance and guidance possible will be provided to the individual and his family in relieving their problems.

(5) Applications for hardship or dependency separation must be supported by appropriate documents, usually in affidavit form, depending on the nature of the personal circumstances. (See para 6–7, AR 635–200.) Statements by the American National Red Cross may be included when available or the commander may request additional information, when required to make his decision, through the local Red Cross representative.

(6) (For statement concerning determination of dependency for benefits under the Dependents Assistance Act of 1950, see paragraph 6–6b(2) AR 635–200.) It is of the utmost importance that applications be accurate, complete, fully substantiated, and be processed through appropriate command channels in accordance with instructions in applicable directives. Otherwise, approval is subject to delay, or the application may be disapproved for lack of justification.

(7) Individuals under charges, in confinement, under investigation requiring action under AR 600–31, or being processed for discharge or retirement for physical disability will not be separated until proper disposition is made of the case. A sentence of confinement, not including dishonorable or bad conduct discharge, will be fully served, unless sooner terminated by proper authority, before separation for dependency or hardship may become effective. Separation will not be disapproved because of indebtedness to the Government or to another individual, or because applicant's services are needed by his organization when he is otherwise eligible for separation by reason of dependency or hardship.

(8) Military personnel records and documents containing information of a personal nature will be stored, handled, and transmitted in accordance with AR 340–16 and AR 340–10. Information of a personal nature may be disclosed or released under applicable directives only to authorized personnel in accordance with AR 340–17 and AR 340–21 series. Disposition of documents will be in accordance with applicable directives or by destruction when the purpose for which authorized has been served. Destruction would be by burning, shredding, or other appropriate method.

Procedure 1-1		CAUTION: Records custodians must PROTECT PERSONAL PRIVACY. Personnel records and information will be treated and safeguarded as "FOUO" whether bearing special markings or unmarked. See paragraphs 3 & 5 AR 340-16.
Dependency or Hardship Separation (Enlisted Personnel)		
STEP	A	B
	Action required by	Description of Actions
1	Unit Commander	Interview individual. Advise him he must present evidence to substantiate dependency or hardship conditions upon which application for separation is based. Make appointment at Military Personnel Office for additional counseling and assistance in preparation of application.
2		Prepare and have individual sign Part III, DA Form 4187.
3		Recommend approval or disapproval including reason, and sign. Include any additional pertinent information and confirmation of personal circumstances of individual and family. (See fig 1-1-1.) Forward to servicing MILPO as promptly as possible.
4	Personnel Actions Specialist	<p>Preparatory to personal interview, obtain MPRJ and DA Forms 2 and 2-1. Take following action:</p> <p>a. Verify individual's ETS from personnel records. If eligible for early separation, inform individual and process under chapter 5, section V, AR 635-200.</p> <p>b. Determine if individual is under investigation, or type of personnel action which would preclude separation under AR 635-200 (chap 5 and 6). Application may be processed, but individual may not be separated until such action is resolved in accordance with AR 600-31.</p> <p>c. Inform him of agencies which can give appropriate assistance during the interval pending his discharge (e.g., Army Emergency Relief, Army Community Services, social workers at army hospitals, legal assistance officers).</p> <p>d. Provide specific guidance regarding the documentation required (content, format, notarization, financial data). Furnish examples when practicable. Monitor service member's progress in obtaining documentation and assist him in this process if he has difficulty in interpreting AR 635-200. Inform individual that he or his dependent(s) may request assistance from local chapters of the American National Red Cross in obtaining necessary documentation to substantiate application for separation. Application must be supported by the following evidence, normally in affidavit form, i.e., notarized form:</p> <p>(1) Dependency:</p> <p>(a) That undue and genuine dependency exists as a result of death or disability of a member of the family occurring after individual's entry into military service; or</p> <p>(b) That conditions resulting from the death or disability of a member of the family which occurred prior to individual's entry into active military service have been aggravated to such a degree as to necessitate his care or support.</p> <p>(c) That dependency is not of a temporary nature.</p> <p>(2) Hardship:</p> <p>(a) That undue and genuine hardship conditions affecting members of the individual's family have arisen after, or as a result of, his/her entry into active military service; or</p> <p>(b) That conditions existing in the family prior to individual's entry into active military service have been aggravated to such a degree as to constitute undue and genuine hardship.</p> <p>(c) That hardship conditions are not of a temporary nature.</p> <p>Notarized affidavits or statements will be submitted by or in behalf of the applicant's dependents and by at least two interested persons or agencies having firsthand knowledge of the circumstances. If dependency or hardship is the result of disability of a member of the individual's family, a physician's certificate will be furnished, specifically stating when disability occurred, the nature and degree thereof, and prognosis for recovery.</p> <p>(3) Names, ages, occupations, home addresses, and monthly incomes of other members of the applicant's family. (The affidavits of disinterested individuals and agencies should include reasons, within their knowledge, why these family members can or cannot aid in the financial or physical care of dependents concerned for the remaining period of applicant's active duty service.)</p>
5		Type letter of application or prepare DA Form 2496 (fig 1-1-2). Attach affidavits and other documentation to application. Have applicant review and sign application. Furnish him a personal copy.
6		Contact servicing finance activity to determine if individual has allotment(s) in effect. If applicable, obtain amount and type of allotment, and name and relationship of each allottee.
7		Request a statement whether a determination of dependency for benefits under the Dependents' Assistance Act of 1950 (DODPM) has been requested, and the decision, from Allotments and Deposits Operations, US Army Finance and Accounting Center, Indianapolis, IN 46249.

b. Discussion. This procedure supplements AR 635–200.

(1) This procedure prescribes processing of enlisted personnel for separation by reason of unsuitability/homosexuality.

(2) Action should be taken under AR 635–200 when it is clearly established that, despite reasonable attempts to rehabilitate or develop the individual as a satisfactory soldier, further effort is unlikely to succeed, or rehabilitation is impractical and disposition under other regulations is inappropriate. A person’s separation for unsuitability may be warranted when one or more of the following conditions exist:

- (a) Inaptitude.
- (b) Personality disorders.
- (c) Apathy, defective attitudes, and inability to expend effort constructively.

(3) A member will be separated for homosexuality if one or more of the following approved findings is made.

- (a) The member has engaged in, attempted to engage in, or solicited another to engage in a homosexual act or acts.
- (b) The member has stated that he is a homosexual or bisexual.
- (c) The member has married or attempted to marry a person known to be of the same biological sex (as evidenced by the external anatomy of the persons involved).

(4) The MILPO officer is responsible for verifying data and reviewing supporting documents to ensure the commander’s recommendation is sustained in accordance with criteria in AR 635–200.

Procedure 1-2		CAUTION: Records custodians must PROTECT PERSONAL PRIVACY. Personal records and information will be treated and safeguarded as "FOUO" whether bearing special markings or unmarked. See paragraphs 3 & 5 AR 340-16.
Separation for Unsuitability		
S T E P	A Action required by	B Description of Actions
1	Unit Commander (notes 1 and 2)	When individual, by nature of his behavior, may be subject to separation for unsuitability/homosexuality— a. Ensure individual is counseled. Each counseling session will be recorded on DA Form 4856 (General Counseling Form). Counseling will include but not be limited to— (1) Reasons for counseling. (2) The fact that continued behavior of this nature may result in initiation of elimination action under provisions of AR 635-200. (3) The type of discharge that may be issued and its effect if action is taken and separation accomplished. b. If counseling appears to have no effect, arrange for reassignment of individual normally to a new unit (change in Article 15 authority). Reassignment will normally be accomplished without expenditure of PCS/MPA funds.
2		When it is established that further attempts to rehabilitate an individual are unlikely to succeed, or rehabilitation is impractical, and disposition under other regulations is inappropriate, initiate action to accomplish a medical examination. Sufficiently detailed information will be furnished the medical facility to give medical examiners a thorough understanding of the contemplated action. When individual is being considered for discharge under provisions of chapter 15, AR 635-200, for homosexuality, copies of documents which detail the behavior upon which suspicion of homosexuality is based will be furnished the medical facility.
3		Upon receipt of medical evaluation determine whether individual will be further processed under AR 635-200 or will be processed for separation under medical jurisdiction. Notify medical treatment facility commander of decision.
4		When individual is considered for elimination under AR 635-200 have Unit Clerk prepare letter to individual per paragraph 1-18, AR 635-200. Letter will include: a. The basis for the proposed discharge action, and that individual has the following rights— (1) To present his case before a board of officers. (2) To submit statements in his own behalf. (3) To be represented by counsel. (4) To waive his rights in writing. Individual will be given a reasonable time (not less than 72 hours to consider waiver of board proceedings and have the opportunity to consult with counsel prior to waiving his rights) (notes 4 and 5). (5) To withdraw his waiver of rights any time prior to the date the discharge authority directs or approves his discharge and request that his case be presented before a board of officers. b. Request that individual and his counsel complete and return attached statement. (If individual refuses to sign statement it will be considered that he does not waive his rights.)
5	Unit Clerk	Prepare letter. (Sample letter in fig 1-2-1.) Attach original and copy of statement to letter as an Inclosure. Give letter to Unit Commander.
6	Unit Commander	Review, sign, and send letter to individual. Maintain appropriate suspense controls.
7		Initiate suspension of favorable action in accordance with AR 600-31.
8		Upon receipt of correspondence from individual have Unit Clerk prepare recommendation through channels to the general court-martial convening authority or officer exercising special court-martial jurisdiction, as appropriate, in accordance with guidelines in AR 635-200 and this procedure (fig 1-2-1). Attach documentation, sign, and send through channels to personnel office.
9	Unit Clerk	Annotate DA Form 2475-2 "Recommendation for unsuitability/homosexuality discharge submitted (date)".
10	Intermediate Commanders	a. Recommend approval and forward case through personnel office to commander exercising discharge authority; or b. Disapprove the recommendation and direct reassignment of individual to another organization or disposition by other means; or c. Recommend disposition of case through medical channels (see note 6.)

4. Waiver of board hearing will not be accepted if individual has completed 18 or more years of active Federal service, and individual must be represented by counsel.

5. If intermediate commander exercises special court-martial jurisdiction, case is forwarded to personnel office for verification of data (step 11) prior to effecting elimination action.

6. Such disposition is required if the individual has an incapacitating physical or mental illness which was the direct or substantial contributing cause of the conduct for which action under AR 635-200 was being considered and action under the Uniform Code of Military Justice is not being initiated.

c. Discussion. This procedure supplements AR 635-200.

(1) This procedure prescribes guidance for processing of enlisted personnel for discharge by reason of misconduct.

(2) Individuals may be separated for misconduct by reason of fraudulent enlistment/reenlistment, conviction by civil court (members who have been initially convicted or adjudged juvenile offenders), desertion and absence without leave, and other patterns of misconduct. Elimination action will not be taken in lieu of disciplinary action solely to spare an individual who may have committed a serious offense from the penalties which may be imposed under the Uniform Code of Military Justice.

(3) See table 1-3-1 for conditions relating to fraudulent entries.

(4) Individuals who, during their current term of active duty service are convicted or adjudged juvenile offenders, will be considered for discharge when it is determined that—

(a) Individual has been convicted by civil authorities, or action is taken against him which is equivalent to finding of guilty of an offense for which the maximum penalty under the Uniform Code of Military Justice is death or confinement for one year or more.

(b) Individual has been convicted by civil authorities of an offense which involves moral turpitude regardless of the sentence received.

(c) Individual is adjudged a juvenile offender for an offense involving moral turpitude.

(5) An individual will be considered as having been convicted or adjudged a juvenile offender, even though an appeal is pending or is subsequently filed. However, execution of the approved discharge will be withheld until—

(a) The individual has indicated in writing that he does not intend to appeal the conviction or the adjudication as a juvenile offender, or

(b) Until the time in which an appeal may be made has expired, whichever is earlier, or

(c) If an appeal has been made, until final action has been taken. Individuals under military control may be considered for discharge when—

1. There is substantial evidence to support a determination of desertion or absence without leave.

2. The unauthorized absence was continuous for 1 year or longer.

3. Retention in the service is precluded by regulation or is not considered desirable in the best interest of the service.

(d) Trial by courts-martial on a charge of desertion or AWOL is waived or deemed inadvisable by the general courts-martial convening authority; or such trial resulted in—

1. Disapproval of the findings or sentence by the convening authority, based upon a technical or evidentiary error which does not go to the innocence or guilt of the individual, or

2. The accused successfully pleaded the statute of limitations, 10 U.S.C. 843 (Art. 43, UCMJ).
- (6) A person's separation for misconduct may be warranted when one or more of the following conditions exist:
 - (a) Acts of misconduct.
 1. Sexual perversion, including but not limited to—
 - (a) Lewd and lascivious acts.
 - (b) Sodomy
 - (c) Indecent exposure
 - (d) Indecent acts with or assault upon a child.
 - (e) Other indecent acts or offenses.
 2. Alcohol or other drug offense(s).
 - (b) Patterns of misconduct.
 1. Frequent incidents of discreditable nature with civil or military authorities.
 2. An established pattern for shirking.
 3. An established pattern showing dishonorable failure to contribute adequate support to dependents or failure to comply with orders, decree, or judgments of a civil court concerning support of dependents.
 - (7) Personnel officers are responsible for administratively processing recommendations submitted by Unit Commanders to insure that recommended action meets criteria outlined in AR 635-200 and is properly supported by required documentary evidence.
 - (8) Military personnel records and documents containing information of a personal nature will be stored, handled, and transmitted in accordance with AR 340-16 and AR 640-10. Information of a personal nature may be disclosed or released under applicable directives only to authorized personnel in accordance with AT 340-17 and AR 340-21-series. Disposition of documents will be in accordance with applicable directives or by destruction when the purpose for which authorized has been served. Destruction should be by burning, shredding, or other appropriate method.

Procedure 1-3		CAUTION: Records custodians must PROTECT PERSONAL PRIVACY. Personnel records and information will be treated and safeguarded as "FOUO" whether bearing special markings or unmarked. See paragraphs 3 & 5 AR 340-16.

d. Discussion. This procedure supplements AR 635–200.

(1) This procedure prescribes guidance for processing of applications for voluntary retirement submitted under chapter 12, AR 635–200, of Regular Army enlisted personnel by reason of length of service.

(2) Chapter 4, AR 635–100, governs the retirement of Regular Army enlisted personnel eligible to retire in commission or warrant officer grades.

(*)3 Authority to approve or disapprove requests for retirement under chapter 12, AR 635–200, is delegated to commanders specified in paragraph 1–21, AR 635–200. The Commanding General, US Army Military Personnel Center, HQDA (DAPC–OPP–R) 200 Stovall Street, Alexandria, VA 22332, is the approving authority for all units, activities, or organizations which do not come under the jurisdiction of a commander specified in paragraph 1–21, AR 635–200.

(4) Military personnel officers are responsible for counseling service members concerning applicable statutory provisions of retirement laws and will require each member who desires to apply for retirement to first read chapter 12, AR 635–200 (Retirement for Length of Service). AR 608–25 provides guidance for establishment of Retirement Services Offices to furnish preretirement counseling to eligible personnel who have completed 18 years of active military service. Paragraph 4–3 AR 635–200, also requires the military personnel officer to counsel each enlisted member of the Regular Army who, upon expiration of term of service, will have completed 20 or more years of active Federal service, regarding service member's options; and consequences in connection with the service obligation remaining which would require extension of current enlistment or reenlistment to complete, and eligibility for immediate or subsequent reenlistment for any reason. Counseling will be accomplished during the sixth month prior to the service member's ETS, whether or not the member states an intention to submit an application for retirement. The service member will be required to sign a statement that he has been counseled. The format in figures 4–1 and 4–2, AR 635–200 will be reproduced for this purpose.

(5) Verification of military service creditable toward retirement should be accomplished upon completion of 18 years service for basic pay. An enlisted member of the Regular Army with 30 or more years of active Federal service will be placed on the retired list at the member's request. An enlisted member of the Regular Army with 20, but less than 30, years of active Federal service may be retired at the discretion of the Secretary of the Army. To be retired under chapter 12, AR 635–200, the individual must be on active duty in Regular Army enlisted status when the application for retirement is submitted, and retirement must be accomplished while on active duty in such a status. An individual with 18 years and 11 months or more of active Federal service may submit an application for retirement not earlier than 13 months prior to requested retirement date. All members retiring after more than 20 years active duty are required to undergo a medical examination prior to retirement.

(6) An individual who is promoted to pay grade E7, E8, or E9 incurs a 2-year service obligation which must be completed prior to retirement, except as provided in paragraph 12–8, AR 635–200, when temporarily suspended by HQDA, and as follows:

- (a) Individual has completed 30 or more years of active duty on requested retirement date.
- (b) Individual is already eligible for a higher grade upon retirement.
- (c) Age 55 or older.

(7) Retirement applications must be submitted and forwarded so as to reach the retirement approval authority at least 2 months prior to the retirement date. Applications submitted less than 2 months prior to requested retirement date must state the specific reason for the delay in submitting the application, i.e., the emergency or hardship involved and must include a statement that applicant is aware that insufficient time for processing may preclude retirement on the date requested.

(8) Except as provided in paragraphs 12–8b and 12–15, AR 635–200, applications for retirement already submitted may not be withdrawn. Further, an application for retirement may not be withdrawn after travel has been performed in connection with retirement.

(9) The effective date of retirement is the first day of the month, with release from active duty on the last day of the preceding month, except for cases processed under AR 635–40. Final separation processing must be completed by the release from active duty date specified in the retirement orders.

(10) To assure prompt establishment of the member's retired pay account and preclude undue hardship on the member and his family, DA Form 3713 (Data for Retired Pay) must be completed with meticulous accuracy and distributed promptly. Preparation of this form is the responsibility of the officer having custody of the personnel records for each member on whom retirement orders are issued, including orders issued by the Commanding General, US Army Military Personnel Center, Department of the Army.

Procedure 1-4		CAUTION: Records custodians must PROTECT PERSONAL PRIVACY. Personnel records and information will be treated and safeguarded as "FOUO" whether bearing special markings or unmarked. See paragraphs 3 & 5 AR 340-16.

e. Discussion. This procedure supplements AR 635-100.

(1) The procedure prescribes guidance pertaining to the voluntary retirement of commissioned and warrant officers of Regular and Reserve components of the Army, and warrant officers of the Army of the United States without component. The final authority to approve or disapprove an application for retirement is vested in the Secretary of the Army. Orders announcing retirement of officers and warrant officers are issued solely by Headquarters, Department of the Army. Personnel officers will ensure that retirement applications meet the criteria set forth in AR 635-100. Requests for the withdrawal of retirement applications or change in retirement date will be processed in accordance with paragraph 4-13, AR 635-100.

(2) Military personnel records and documents containing information of a personal nature will be stored, handled, and transmitted in accordance with AR 340-16 and AR 640-10. Information of a personal nature may be disclosed or released under applicable directives only to authorized personnel in accordance with AR 340-17 and AR 340-21 series. Disposition of documents will be in accordance with applicable directives or by destruction when the purpose for which authorized has been served. Destruction should be by burning, shredding, or other appropriate method.

Procedure 1-5		CAUTION: Records custodians must PROTECT PERSONAL PRIVACY. Personnel records and information will be treated and safeguarded as "FOUO" whether bearing special markings or unmarked. See paragraphs 3 & 5 AR 340-16.

f. Discussion. This procedure supplements AR 40-501.

(1) This procedure pertains to medical examinations for all types of separations and is applicable to all officer and enlisted members of the Army and Active duty.

(2) There is no statutory requirement for members of the active Army (including USMA cadets and members of the USAR and ARNG on active duty or active duty for training) to undergo a medical examination incidental to separation from active Army service. However, it is Army policy to accomplish a medical examination in the following instances.

(a) Member requests an examination.

(b) Upon review of Health Record, evaluating physician assistant (PA) at servicing Medical Treatment Facility (MTF) determines that, because of medical care received during active service, medical examination will serve best interests of member and Government; e.g., hospitalization for other than diagnostic purposes within 1 year of anticipated separation date.

(c) Active Army member retiring after more than 20 years active duty.

(d) Required by schedule of requirements for separation medical examinations contained in AR 40-501.

(3) Military personnel officers are responsible for suspense control and notification to unit commanders of individual examinations for separation. Close coordination is required between military personnel offices (MILPO), unit

commanders, and commanders of medical treatment facilities (MFT) to assure timely scheduling and completion of medical examinations. Separation medical examinations will be scheduled in time to assure completion of required examinations not later than 72 hours prior to anticipated separation date; and voluntary examinations not earlier than 4 months nor later than 1 month prior to anticipated date of separation or retirement.

(4) Unit commanders will arrange for service members, individually or in groups, to report to the appropriate medical activity (MEDDAC) at a time scheduled by the medical officer. Medical officers who furnish primary medical care to the unit are responsible for advising and consulting with unit commanders for the expeditious administration of medical care and treatment.

(5) Military personnel records and documents containing information of a personal nature will be stored, handled, and transmitted in accordance with AR 340-16 and AR 640-10. Information of a personal nature may be disclosed or released under applicable directives only to authorized personnel in accordance with AR 340-17 and AR 340-21 series; and applicable medical regulations when appropriate. Disposition of documents will be in accordance with applicable directives or by destruction when the purpose for which authorized has been served. Destruction should be burning, shredding, or other appropriate method.

Procedure 1-6		CAUTION: Records custodians must PROTECT PERSONAL PRIVACY. Personnel records and information will be treated and safeguarded as "FOUO" whether bearing special markings or unmarked. See paragraphs 3 & 5 AR 340-16.

2-6. Discussion

These procedures supplement AR 635-10, AR 635-100, AR 635-120, and AR 635-200. These regulations will govern in event of conflict between the procedures and the regulations.

Separation processing must be conducted so that members leave the service with respect for the Army and with a feeling that the Army appreciated their service and is interested in their welfare and their transition to the civilian community. Separation preprocessing in some instances may be performed by the STP/STA; however, in most instances it will be performed by the MILPO/Unit. All personnel records and documents must be accurate and complete in every respect. Local deviation in processing of members is authorized, provided officials—

- a. Complete all requirements within the established timeframe.
- b. Provide written requirements that deviate from these procedures to all local activities.
- c. Modify forms and checklists locally only to add items or change routing.

2-7. Coordination Between All Parties

The installation Adjutant General/Adjutant and Finance and Accounting Officer will ensure that close coordination exists between the MILPO, Finance and Accounting Office (FAO), the STP/STA, and the units.

2-8. Handling of Personnel Documents

Store, handle and transmit military personnel records and documents containing information of a personal nature under AR 340-16. Disclose or release information of a personal nature only to authorized personnel under AR 340-17 and AR 340-21. Dispose of documents as prescribed in AR 340-18 series. When destroying documents, burn, shred, or cut them to ensure complete destruction.

Procedure 2-1		CAUTION: Records custodians must PROTECT PERSONAL PRIVACY. Personnel records and information will be treated and safeguarded as "FOUO" whether bearing special markings or unmarked. See paragraphs 3 & 5 AR 340-16.

11		<p>Within 90 days of member's separation date or departure on leave in conjunction with separation, conduct MILPO portion of preprocessing orientation. Give brief introduction as to what will be covered. Motivate the members as to the importance of this orientation. Cover the following items—</p> <p>a. Health Care Coverage (MAJOR CARE 90). Inform members as to the opportunity they will be afforded at time of separation to purchase short-term medical insurance designated by the Department of the Army. Insure that each member has been provided copy of handout (fig 2-1-5).</p> <p>b. Inform members whose dependents are in possession of DD Form 1173 (Dependent ID Card) that is an accountable document which must be surrendered during separation processing. Health Care Handout

Members being separated from active duty—and their dependents—lose their eligibility for military medical care or civilian care at military expense (under CHAMPUS) as of midnight of the day they are separated.

Separation of ARNGUS or USAR personnel is effective as of midnight of the last day of their authorized period of travel time to their home of record or place from which ordered to active duty.

This means that most of you will have no health care coverage after separation—either for yourselves or your families—until you take out a health insurance policy on your own or until you are enrolled in a health insurance program offered by your future employer.

Generally, several weeks elapse between the time a person is separated and the time he obtains civilian health care coverage on his own initiative or through employment.

Some of you are no doubt aware of the high cost per day of civilian hospitalization and are concerned about the possibility of becoming ill or being injured between the time you are separated and the time when you first have an opportunity to obtain civilian health insurance. So that you have time to do something about this problem, the Department of Defense has arranged to make available to you a short term health insurance.

This becomes effective at the time your military medical coverage ends and covers you and, and when applicable, your dependents for the following 90 days. If you want this, you may apply during separation processing. **THIS POLICY DOES NOT COVER MATERNITY (PREGNANCY) BENEFITS.**

At this point, several things need to be emphasized. First, your purchase of health insurance at that time is entirely voluntary. You have two choices: You may decide not to take any coverage, or you may choose the plan offered by Mutual of Omaha. If you decide to take the coverage offered, you must pay the entire cost during your separation processing. Normally, this will be done by a one-time deduction from your final pay. When that method is not feasible, you may pay by cash payment or by US Treasury check obtained from a disbursing officer in exchange for cash. When those methods are not feasible, you may use a postal money order, a bank draft, cashier's check, or a certified check payable to Mutual of Omaha. Once your separation processing is completed, it will be too late to enroll or, if you have already enrolled, it will be too late to change your mind and withdraw.

Please remember that after you are separated send any questions you may have about your policy to Mutual of Omaha and not to any military office or unit.

- b. Establish separation date (normally 3 workdays after date separation is approved).
- c. Second workday before the scheduled separation/retirement date.
- d. First calendar day after completion of TDY or emergency leave.

² a.If his scheduled (normal) separation date falls on a Saturday, Sunday, or holiday, and the enlisted member gives written consent, he will physically report and be assigned to the STP on the last workday before his normal separation date. If assignment to an STP is not required, he reports to his STA on the last workday before his normal separation date. In both cases, this last workday then becomes his actual separation date.

b.If his normal separation date falls on a Saturday, Sunday, or holiday, and the enlisted member does not consent to separation on the last workday prior, he will—

- (1) Physically report to the STP/STA on the last workday before his normal separation date (his actual separation date will be his normal separation date).
- (2) Be assigned to the STP, if required, on his normal separation date.

³ Members are authorized to take leave in conjunction with separation prior to reporting date.

⁴ Separation processing must be completed at a CONUS STP (see table 2-1, AR 636-10) prior to departure on leave.

⁵ Members will have in their possession a completed DA Form 31 with leave beginning on first calendar day after the 2d workday and end on the normal separation/retirement date.

(Example: Retirement date 31 Jul 80, requested 30 days of leave and gets 1 day travel time.)

Will proceed date: 29 Jun 80

Physically report to STP: 30 Jun 80

DA Form 31: 2 Jul 80 thru 31 Jul 80

⁶ If separation/retirement processing is completed prior to date leave is scheduled to begin members will not be authorized to depart STP earlier than scheduled unless they agree to have a new DA Form 31 prepared showing a new date of departure and extending to retirement.

⁷ When returning from overseas, do not permit port-calling of any separation/retiree that will cause his arrival at a CO-NUS ADOE on a Friday or Saturday.

		CAUTION: Records custodians must PROTECT PERSONAL PRIVACY. Personnel records and information will be treated and safeguarded as "FOUO" whether bearing special markings or unmarked. See paragraphs 3 & 5 AR 340-16.

1	Chief of STP/STA or Designated Indiv	Loss Roster—Each month a loss roster will be provided your activity under procedure 4-22, DA Pam 600-8-2. Use this roster for scheduling the separation orientation and update daily, e.g., extensions, reenlistments etc. Upon receipt of the next monthly roster, compare with the old one. As members receive separation orientations and MPRJ are not received for members listed on the roster, contact the PSNCO/MILPO, as appropriate.	
2		Separation Orientation—Do the following— a. Schedule the separation orientation within 30 days of ETS, or departure on leave in conjunction with separation. b. Publish and distribute an orientation schedule if members are to receive an orientation prior to scheduled reporting date to STP (fig 2-2-1). c. Assemble members receiving honorable or under honorable condition discharges/character of service in the orientation room. Ensure that these members are processed prior to members receiving less than honorable discharges. d. Acquaint separatees with the mission and facilities of the STP. e. Give instruction regarding the processing schedule, i.e., where to go and what is required at each phase. f. Explain the purpose of records processing interview. g. Show DA film/tapes "Address/Farewell by CSA" and "Getting Your Records Corrected or Your Discharge Reviewed." h. Insure that members who have not attended a Pre-Separation Counselling orientation are also shown the film/tapes "It's Your Chance of a Lifetime (VA Benefits and "Helpful Hints")" i. Provide each member with a copy of DA Pam 360-526, DA Pam 360-524, DA Pam 360-506, 1979 as appropriate, VA Pam 20-67-1, RCPAC Pam 140-5 and for members with remaining service obligations DD Form 2A (Reserve) (Red). Provide College graduates upon request a copy of the College Placement Annual. j. Counsel members taking leave in conjunction with separation concerning their status while on leave, what members or next of kin should do in the event member is hospitalized or dies prior to 2400 hours on effective date of separation (fig 2-2-2). k. Inform members of benefits that can be derived from active participation in a USAR troop program unit or ARNG unit. Allow time during or after the orientation for the USAREC In-Service Recruiting NCO to provide additional information to prospective enlistees.	
★3	Initial Receiving Clerk	Receipt of MPRJ—Receive the MPRJ not earlier than 10 workdays prior to ETS/departure date or leave in conjunction with separation. Do the following— a. Check orders assigning/attaching member to separation transfer point to ascertain if reporting date is correct. If reporting date, name, SSN, or ETS is incorrect, request an amendment from MILPO. b. Check records to determine if members are eligible for discharge, relief from active duty and transfer/return to a Reserve Component, or retirement for length of service. c. Using Separation Preprocessing Checklist (fig 2-1-6), verify that all separation preprocessing steps have been completed, i.e., enlisted members have had a reenlistment interview under AR 601-280; DA Form 4188 is in file indicating PFR and MPRJ have been reviewed; and that DD Form 214WS has been prepared. d. Verify that MPRJ contains DA Form 2 and 2-1; latest promotion/reduction orders, as appropriate; PMOS and SMOS orders; DD Form 4/1-4/3; DA Form 4187, as appropriate, listing AWOL, periods of confinement, name changes, etc. If documents are missing, contact the MILPO/PSNCO. e. Check MPRJ for Transfer Data Record (TDR) if SM is assigned to an STP from a unit using a different data base. If TDR is in MPRJ, pull one copy of orders and TDR and give to SIDPERS clerk for suspense until arrival of member. If TDR is not in MPRJ, request it from the MILPO. f. Verify that item 35, DA Form 2-1 has been posted to include the posting of separation OER/SEER, when required, and the close-out entry transferring members from unit to the STP. Ensure that the effective date coincides with the member's reporting date in his orders. g. Ensure that action pending documents are resolved, e.g., AWOL, request for Good Conduct Medal, request for character of service, OER/SEER, receipt of final DA Form 268, etc.

Departure Ceremony Briefing

Good Morning. I know you are anxious to start on your journey home, and it is not my intention to detain you for more than a few minutes.

On behalf of the Secretary of the Army and the Commanding General of (Insert name of command). I want to personally express their gratitude as well as my own for your distinguished service to the United States Army and your country. Through your distinguished honorable service, you have contributed to the preservation of the ideals of democracy and freedom by your voluntary enlistment. One of the primary missions of the Army is the defense of our country, its beliefs, and our democratic way of life. Participation in defense is one of the most important aspects of our citizenship. Your active and honorable military service is a demonstration of your patriotism as an American citizen. You have succeeded in accomplishing the most demanding of challenges by having completed military service.

Through your broadened experience in the Army and because of the training and development you have undergone, you, too, have benefited from your tour in the service. The training you have received and the experiences of travel and working with others should assist you and your community upon your return to civilian life.

Many of you may not realize the fact that, to a large degree, the strength of the Army depends on your support as a veteran. I would like to take this opportunity now to challenge you to accept your civilian responsibility with the same spirit of loyalty and devotion that characterized your military service. Secondly, as a veteran of the United States Army, you have earned and are entitled to a number of benefits. These benefits include low cost home loans; employment assistance and may include education assistance. The DD Form 214 is the most important document you will receive. It is instrumental in applying for those benefits; therefore, it should be safeguarded. Many veterans register their DD Form 214 with the county clerk of deeds in their county.

Following the receipt of your separation documents, please remain seated until given further instructions. You must sign out before reporting to finance.

Before you receive your separation documents, are there any questions concerning your separation from active duty?

Just one last comment on safety. Please drive carefully on your way home. If you have an accident prior to your effective date of separation (For most of you 2400 hours today) notify the separation transfer point during duty hours at (INSERT AREA CODE AND NUMBER). If it is after duty hours, contact (AREA CODE AND NUMBER).

Good luck in all your future endeavors and thank you for your attention. At this time, all those departing on leave in conjunction with separation are dismissed. When your name is called, please step forward and receive your separation documents.

Appendix C

Retirement, Discharge, and Relief from Active Duty Orientation

This appendix contains a general coverage of the tapes/films which will be shown to members being relieved from active duty, discharged, or retired. Appendix B lists the orientation requirements for each type of separation. These requirements, explained below, will be disregarded, except where otherwise indicated, when the DA films/tapes are shown in accordance with the letter of instructions.

C-1. DA Pamphlet 360-526 (Once A Veteran).

Advise each member being Relieved from Active Duty, Discharged, or Retired—

- a.* That a copy of this pamphlet will be included in his Official Records Envelope (DD Form 473).
- b.* That he is being issued this pamphlet because the orientation films/tapes are not intended to tell him everything about his rights, benefits, and obligations.
- c.* That this pamphlet will answer most of his service-related questions or tell him where he can get the answers.

C-2. Protection of separation documents.

Tell each member the documents he will receive during separation processing are very important. Also, tell him to place the documents in the DD Form 473 and safeguard them.

C-3. DD Form 214 (Certificate of Release or Discharge From Active Duty).

Advise the member—

- a.* That the DD Form 214 is an extremely important document which he may have recorded at the City Hall or county courthouse in the area in which he plans to reside.
- b.* This document should not be laminated or covered with a permanent cover.
- c.* That the DD Form 214 is a valuable document which could be used fraudulently by another person to claim benefits in the member's name, causing him embarrassment, denial of benefits, and inconvenience if not properly safeguarded.
- d.* Not to surrender the original copy or copy four of the form to anyone.
- e.* The original or copy four should be shown to persons needing it to verify service, but a copy of the original or copy four should be given persons and organizations who need to retain it or use it in the member's absence for his benefit.
- f.* He will be required to produce copy four of this document when applying for—
 - (1) Benefits or care from the Veteran's Administration.
 - (2) Unemployment insurance—Advise each member that—
 - (a)* Copy four of the DD Form 214 is essential for establishing an unemployment insurance claim with a local office of the member's State employment agency/job service office.
 - (b)* If he files a claim for unemployment insurance after separation, absence of copy four of the DD Form 214 will seriously delay the ability of the State unemployment insurance interviewer promptly to determine his eligibility to receive benefits.
 - (3) Reemployment in a preservice position (not applicable to retirees).
 - (4) Preference in employment referrals at the local office of the State employment agency.
 - (5) other benefits.
 - (6) Reentry into the Army or another branch of the Armed Services.
 - (7) Entry in the USAR or ARNG subsequent to relief from active duty or discharge.

C-4. IRS Form W-2 (Wage and Tax Statement).

Advise the member of the importance of safeguarding the IRS Form W-2 received from the US Army Finance and Accounting Center (USAFAC), Indianapolis, IN as the form is needed to file individual Federal, and State and local income taxes. Forms are normally mailed within 90 days from date of separation. If not received by that date, the member should write Cdr, USAFAC, ATTN: Dept 40, Indianapolis, IN 46249, providing his name, SSN, date of separation, and current address.

C-5. PHS Form 731 (International Certificate of Vaccination).

Advise the member that—

- a.* The PHS Form 731 is an extremely important health record.
- b.* He should bring the document to the attention of his private physician, to facilitate maintenance of current medical information and immunizations.
- c.* He will be required to have the form on his possession when/if he performs AT/ADT.

C-6. DA Form 2139 (Military Pay Voucher).

Advise the member that his copy of DA Form 2139 issued to him in the settlement of final pay should be retained for such uses as filing a claim for unemployment compensation (para C-10).

C-7. Reemployment rights and employment data (Form OVR-2).

a. Reemployment rights for veterans are provided for in United States law (US Code, Title 38, part III, chapter 43.) In order to tell soldiers of their rights under the law, brief all separatees/retirees as indicated below. Also, have them complete an OVR-2 Form (fig C-3).

b. Present the following: (Give the "Instructions for Filling out Forms OVR-2" after presenting the briefing).

"The Labor Management Services Administration of the US Department of Labor administers provisions of the reemployment rights law for employees who leave their civilian jobs to perform training or service in the Armed Forces.

"The purpose of the law is to ensure that those who serve their country do not lose their pre-military-service job, and seniority-related employment benefits because of such service.

"The law provides rights for persons—

"a. Who voluntarily or involuntarily enter the Armed Forces, including members of the National Guard and Reserve Components of the Armed Forces.

"b. Who are called to active duty or active duty for training.

"c. Who report for examination to determine their fitness for entering the military service.

"d. Who report for military service and are rejected for induction or enlistment.

"Under the law, your pre-military-service employer is obligated to reinstate you to the position with the seniority, status, and rate of pay you would have attained had you remained in his continuous employ during your period of military service, even if your service was due to a National Guard or Reserve commitment.

"In many instances, other benefits, such as vacation, sick leave, profit sharing, pensions, and severance pay, also are provided and protected if it can be shown that they attach to seniority rights in the organization, and would have been granted to you on the basis of continuous employment.

"The same principle is applied to missed promotions, missed pay increases, and status priorities that also are shown to attach to seniority.

"Thus you should evaluate and consider your pre-military job, not only in terms of what it was prior to your entering military service, but also in terms of what is has become during your absence in military service. Although it is possible that because of economic and other factors your preservice job may have degraded, it is more than likely that it has improved while you were gone.

"Basically, to be entitled to the reemployment rights, you must—

"(1) Have left other than a temporary position with a private employer or Federal, State, or local government employer for the purpose of entering the Armed Forces.

"(2) Have served not more than 4 years unless an additional extension of active duty of not more than 1 year was at the request and for convenience of the United States Government. (All involuntary periods of active duty, regardless of duration, are covered by reemployments rights.)

"(3) Have satisfactorily completed the period of active duty (that is, have received an Honorable or General separation, or medical discharge under honorable conditions).

"(4) Be qualified to perform the duties of your position. (If you became disabled during military service and cannot perform the duties of the job to which you are entitled, except for the disability, you are entitled to the nearest comparable job which you are qualified to perform.)

“(5) Submit a timely application for reemployment after release from military training or service, or after discharge from hospitalization, if you are held over from your scheduled release date for this reason. You must apply to your pre-service employer within 90 days after:

(a) Completing Military Service, or

(b) Discharge from nonmilitary hospitalization commencing immediately after you are released from active duty, which hospitalization may not exceed one year.

If you are a National Guard member or Reservist returning after completion of initial active duty for training, you must apply within 31 days after—

(1) Completing Such Training, or

(2) Discharge from nonmilitary hospitalization commencing immediately after your scheduled release date, which hospitalization may not exceed 1 year.

“The orders for training must have been for not less than 3 consecutive months.

“National Guard members and Reservists also are covered after call-ups of not more than 90 days to perform operational missions.

“Eligibility requirements and rights of National Guard members and Reservists who fulfill other types of commitments such as weekly, weekend, monthly, and annual training (AT) sessions are somewhat different. These members must request and be granted leaves of absence from employers, and must report back to work immediately after annual training (AT), inactive duty training (IDT), plus necessary travel time. However, they cannot be required to use their vacation time to perform their AT or IDT.

“If you have any questions or problems concerning your reemployment rights, contact the nearest office of the Labor Management Services Administration of the United States Department of Labor. A complete list of all office addresses will be mailed to you when your OVR-2 Form is received at the Department of Labor. If you ever should have a Reemployment Rights complaint, give the Department of Labor representative a copy of your DD Form 214 showing character of service. (You should request copy four of your DD Form 214 from processing cadre, as this will be the only copy available to you that will show the character of your service).

“Please make sure all copies of the Department of Labor OVR-2 Form are legible by printing firmly and plainly and by following these instructions. All separating personnel must complete the form.” (Processing cadre must give the following instructions, regardless of whether the DA films/tapes are shown.)

"Check to see that all three copies can be read and pass them up to me. I will mail them to the Office of Veterans' Reemployment Rights. You will hear from the agency in a matter of days."

C-8. Civilian employment opportunities.

a. Advise all members that—

(1) The United States Employment Service under the Department of Labor has the main governmental responsibility of assisting veterans in obtaining employment.

(2) For employment opportunities in their home community or information about needs of various labor market areas throughout the country, they should contact the Veterans Employment Representative (VER) in the local office of the State employment agency/job service office serving the member's home community.

(3) Skills that many of the members acquired in the service are in great demand in the civilian labor market.

(4) If they desire employment with DA, they should check with the local civilian personnel office about jobs; or with any Federal Job Information Center.

(5) If they desire other Federal employment, they also should contact the Federal Job Information Center or State employment agency/job service office in their home community. These addresses are in the telephone directory under "US Government;" or under the name of your State.

(6) The Dual Compensation Act of 1964 prohibits employment of retired members in the Department of Defense within 180 days following retirement unless a waiver is granted.

(7) They should have their social security cards with them when they visit the State employment agency/job service office.

b. Advise all separating college graduates they are entitled to the College Placement Annual. This lists occupational needs of corporations and Government agencies.

C-9. Report of Defense Related Employment.

a. Advise each separating/retiring member in the grade of major or above with 10 or more years extended active duty of the reporting requirement for employment with a Defense contractor.

b. Give him a copy of AR 600-47 and four DD Forms 1787 (Report of DOD and Defense Related Employment) as Required by Public Law 91-121 (the form is included in AR 600-47 and may be reproduced locally.)

c. Keep enough copies of AR 600-47 and DD Forms 1787 at the STP/STA to give to each affected member.

d. Each of these members, including general officers, will sign a statement as follows:

"I have been informed that I must report employment with a Defense contractor as required by AR 600-47. I have received AR 600-47 and a supply of DD Forms 1787.

“(Signature and date)”

e. File this statement as a permanent record in the members MPRJ.

C-10. Unemployment compensation.

a. Federal law provides for unemployment compensation benefits; however, they are administered by the State governments. The United States reimburses the States for payments to all recipients. Since this benefit is administered

under State laws by each State, the requirements and the amount of money each member may receive may be different. However, all States require that the member—

- (1) Be unemployed.
- (2) Register for work and file a claim at a local State employment office/job service office.
- (3) Have a certain amount of active service within a base period of 1 year as specified by law.
- (4) Be able to work.
- (5) Be available for work.
- (6) Continue to report to the local State employment office/job service office as directed.

b. To receive unemployment insurance after separation, veterans should visit the nearest State employment office/job service office to register for work and file a claim for benefits. If there is no office in the areas where the veteran lives or is staying, he should ask the local postmaster for the address of the nearest office. The State in which the member first files his claim for unemployment benefits will determine his benefit rights. When filing a claim, the member will need copy four of his DD Form 214, DA Form 2139 (Military Pay Voucher), and social security card. Advise members separating in an overseas command that if they accept a job before returning to the United States they may not be eligible for unemployment compensation based on their military service.

C-11. Reserve participation.

a. Obligated Reservist. This phase of the orientation applies to members who have served on active duty—other than active duty for training—and are not to be discharged. It concerns members who have a continuing Reserve obligation.

- (1) If members have any questions about Reserve components, have—
 - (a) Officers call 1-800-325-1868 (toll free) and ask for their branch;
 - (b) Enlisted members call 1-800-325-1876 (toll free) to contact their personnel management NCO.
- (2) Advise members that—

(a) They will receive handouts (table C-1) on Military Service Obligation.
(b) The orientation is not intended to tell them everything about their opportunities, benefits, and obligations. In conjunction with the orientation, these handouts show what is going to happen to them as individuals. Because the handouts contain information members need, they should read and retain them for future use.

(3) After the ARNG/USAR briefing, the Reserve Component (RC) In-Service Recruiting NCO servicing the installation, if at all possible, should talk to the members on Reserve participation and give each member a copy of tables C-1, and C-2. In addition each obligated and reenlistment eligible enlisted member will be furnished a copy of RCPAC Pamphlet 140-5 (Information Pamphlet for the Career Development of Enlisted Members of the United States Reserve).

b. Nonobligated Personnel.

(1) Nonobligated personnel include members being separated from the Active Army with no remaining Reserve obligation (i.e. women being separated who enlisted or were appointed before 1 February 1978 serve a period prescribed by the Secretary of the Army and males having completed their statutory or contractual military service obligation upon separation).

(2) These members upon completion of active duty, must volunteer to take part in the Reserve Components. Otherwise they will be discharged. They should be encouraged to volunteer.

(a) Tell member of the benefits, opportunities, eligibility, and limitations, pertaining to their participation in various programs of the ARNG and USAR.

(b) Advise these members that they can get more information by personally contacting the RC In-Service Recruiting NCO, or, after separation, by inquiring at the National Guard Armory or US Army Reserve Center located near their area of residence. Also, the following numbers may be called for any type of Reserve Component information:

USAR officers, 1-800-325-1868, toll free, and ask for their branch.

USAR enlisted members or prospective members, 1-800-325-1876, toll free to contact their personnel management NCO.

ARNG members (officer and enlisted) or prospective members, 1-800-638-7600, toll free (Non-toll free exceptions are: Maryland (728-3388), Alaska (local directory), Hawaii (737-5255), Puerto Rico (781-7042), and the Virgin Islands (773-6438)).

c. Handouts. They will receive handouts (table C-2) on Reserve participation.

C-12. Safeguarding military information.

a. Members may or may not have had access to classified information during their tour of active duty. Advise all separatees that—

(1) Relief from active duty does not authorize any veteran to divulge and classified information to anyone in civilian life. This includes fathers, mothers, brothers, sisters, spouse, sweethearts, or anyone else.

(2) If they are approached for such information, they should report this to the FBI.

b. Classified information remains classified until the specific classification is removed. Espionage laws make it punishable to release information to any person not properly entitled to the information.

C-13. Commercial life insurance.

Upon entry on active duty some members may have arranged for the Government to guarantee the payment of premiums and interest on their commercial life insurance policies. This guarantee ends 2 years after the date of release from active duty. Therefore, members who wish to continue the insurance must resume premium payments and arrange with the insurance company to repay the back premiums and interest that was guaranteed by the Veterans Administration. They should start paying premiums not later than 2 years after release from active duty date.

C-14. Servicemen's Group Life Insurance (SGLI) and Veterans' Group Life Insurance (VGLI).

Advise members being separated from the military service who have Servicemen's Group Life Insurance in force of their eligibility for coverage under the Veteran's Group Life Insurance. (See AR 608-2.)

C-15. Enlistment in the Regular Army.

This portion of the briefing is for the benefit of members who may enlist at a later date. See table C-3 and provide each eligible member with a copy.

C-16. Corrections of records/review of discharge (if less than "Honorable").

There are certain rights and benefits for which members receiving an Honorable or General character of service are eligible, but which do not accrue to members receiving discharges of lesser character. During separation processing, tell members who receive a separation document indicating less than "Honorable" service that—

a. There is no automatic review nor upgrading by any government agency, but that if they believe their discharge to be improper or unfair, they may request a review.

b. The Army Discharge Review Board (AR 15-180) and the Army Board for Correction of Military Records (AR 15-185) accomplish review and correction of discharges when warranted.

c. They may obtain forms and explanatory information from the Commander, US Army Reserve Components Personnel and Administration Center, 9700 Page Boulevard, St. Louis, MO 63132.

C-17. Retirement Services Program (formerly the Retired Activities Program).

Explain the general provisions of the program to each retiring member. See AR 608-25.

C-18. DA Pamphlet 600-5 (Handbook on Retirement Services for Army Personnel and Their Families).

Advise each member being retired—

a. That he will receive this pamphlet prior to departure from the STP/STA.

b. That he is being issued this pamphlet as the orientation is not intended to tell him everything about his rights, benefits, privileges, and obligations.

c. That this pamphlet—

(1) Will answer most of his service-related questions.

(2) Contains the addresses of the principal retired services offices throughout the world from which information or answers to queries may be obtained.

d. To review it with his family to protect their interests as well as his own and retain it for future use.

C-19. Army Echoes (formerly DA Pamphlet 600-1-Retired Army Bulletin).

Advise each retiring member—

a. That this bimonthly periodical is the means by which DA keeps the retired member informed of changes to laws, regulations and policies.

b. To keep the US Army Finance and Accounting Center, Retired Pay Operations (Dept. 90), Indianapolis, IN 46249 informed of any changes in his mailing address after retirement in order to receive the Army Echoes.

C-20. Military status of retired members.

See table C-4 and provide each retiree with a copy.

C-21. Payment procedures.

a. Retired members will be paid monthly by the US Army Finance and Accounting Center, Indianapolis, Indiana 46249, except—

(1) Those recalled to active duty and entitled to active duty pay and allowances.

(2) Those who elected to relinquish all their retired pay in favor of Veterans Administration compensation.

b. The monthly pay of the retired member will be made by check drawn to the retiree's own order and mailed to him at his home or drawn to his financial institution for credit to his account. He should complete a SF 1199A prior to retirement and forward it to his financial institution if he desires his checks drawn to his account. Checks are normally received by the last day of each month.

C-22. Travel by POV to home of selection.

In order to be paid for this travel—

a. Travel by member and dependents must be completed.

b. Voucher for reimbursement must be submitted to and approved by the US Army Finance and Accounting Center, Indianapolis, IN 46249.

C-23. Wearing the uniform.

Advise retirees that on ceremonial occasions such as parades and social gatherings of a military nature, they are entitled to wear the uniform they retired in or the current uniform, if it changes, with the insignia of the grade held on the retired list. See chapter 2, DA Pam 600-5.

C-24. Survivor Benefit Plan (SBP).

a. SBP counselors are—

(1) Active Army, ARNG, and USAR unit commanders.

(2) Military personnel officers, Installation Retirement Services Officer and others responsible for personal affairs counseling, retirement processing, and aiding retired members and survivors.

b. Members automatically covered by the full amount of SBP (AR 608-9), unless they decline or elect less than the full amount, are—

(1) Active duty members with a spouse or children who complete 20 or more years of active Federal service.

(2) Members with a spouse or children who permanently retire for disability.

(3) Members with a spouse or children who are placed on the Temporary Disability Retired List.

c. Check DA Form 4240 (Data for Payment of Retired Army Personnel) to ensure that members complete and understand Part IV, SBP Election.

C-25. Short-term health care coverage (MAJOR CARE 90).

Advise members they may buy certain short-term health care insurance regardless of their type of separation—except retirees and those being separated from active duty for training. Advise eligible members about the program during final separation processing.

C-26. Possession of firearms.

Advise members being separated from the Army—

a. That some States prohibit the possession of handguns, unless existing State or local requirements are complied with.

b. That they are subject to arrest by civilian law enforcement officials if a handgun is detected in their possession without clear evidence of the proper permit; and in some States convictions brings with it a mandatory jail sentence.

c. To contact local police authorities in the area they desire to reside in, plus those States through which they must travel en route, for guidance regarding gun laws.

d. That Federal law states that anyone convicted of a crime punishable by more than 1 year in jail may not—

(1) Purchase or receive any firearm or ammunition.

(2) Transport any currently-owned firearm ammunition across State lines.

(3) Ship or transport any firearm or ammunition in interstate or foreign commerce.

C-27. Reserve Officers' Training Corps (ROTC) Program.

Encourage separating members with an "Honorable" character of service contemplating college to consider the Army ROTC program. Present the following briefing:

"Army Reserve Officers Training Corps (ROTC) is a program which provides college-trained officers for the U.S. Army, the Army National Guard, and the Army Reserve. This college-level program is offered at more than 250 host institutions across the country. In addition, more than 500 other schools offer Army ROTC through cross-enrollment.

"Army ROTC is traditionally a 4-year program divided into two parts: The basic course and the advanced course. The basic course normally is taken during the freshman and sophomore years.

“No military commitment is incurred during this time if no scholarships are accepted. Students may choose not to continue in the program beyond the second year if they find that Army ROTC just is not for them.”

“It is an interesting program with scholarships available which can assist with your college education or the Simultaneous Membership Program (SMP) in the ARNG/USAR in which you may qualify. Complete details are in the Army ROTC brochure which you may request during your separation processing.”

C-28. Selective Service Registration.

The law requires all men born in 1960 or later years, who have not registered previously with Selective Service, to register when they leave active duty or within 30 days after separation. The registration of all separatees who are required to be registered is important because these men could be a ready manpower asset to the United States of America in case of mobilization.

a. STP personnel will use SSS Form IS 11 (Instructions For Separation Processing Personnel) which describes the registration process.

b. Every man born in 1960 or later, who is at least 17 years and not yet 26 years old will be given a SSS Form 1 (Separatee's Registration Status Form), a SSS Form IS 12 (Information For Servicemen Being Separated) sheet and a copy of SSS Brochure 10 (Selective Service and You).

c. Separatee's Registration Status Forms will be mailed to Selective Service in the preaddressed envelopes (E-20) provided.

d. Section 651, Title 10, US Code requires that all individuals who become members of the military service, except women who initially entered the military prior to 1 February 1978 or to anyone 26 years of age or older who initially entered prior to 10 November 1979, serve in the military for a total of 6 years. Therefore, all obligated members shall, upon their relief from active duty, be transferred to a Reserve Component to complete their 6-year military obligation.

Notes:

* Send questions about your records or Reserve Status to: Cdr, US Army Reserve Components Personnel and Administration Center, 9700 Page Boulevard, St. Louis, MO 63132.

¹ Officers may elect to retain their commission and remain assigned to USAR Control Group (Reinforcement).

² Member may submit a request to Cdr, RCPAC, 9700 Page Blvd, St Louis, MO 63132, if he desires to be transferred to the Standby Reserve:

a. Immediately.

b. After he completes 5 years AD/Ready Reserve service.

³ Member may elect to remain in that unit until he completes his military service obligation.

⁴ Members of the Annual Training Control Group are subject to call to not more than 30 days of active duty for training each year.

⁵ Prior to being assigned on an involuntary basis you will be given a 90-day readjustment period during which participation in training is not required. During the first 60 days of this period you may voluntarily join a unit of the Army National Guard or the US Army Reserve.

a. In this regard, if you do not elect to join an ARNG or USAR unit you will receive a DA Form 3725 (Army Reserve Status and Address Verification) from RCPAC which you are required to complete and return. The purpose of this form is to furnish information to the custodian of your records so that he may bring them up to date. You may want to know why it is so important that your records be kept up to date. The reason is simple, but its effect on you can be tremendous. Your response to this questionnaire can—

1. Determine whether you remain in the Ready Reserve or are transferred to the Standby Reserve.

2. Result in a change of your military occupational specialty based on any new skills or knowledge which you may acquire.

b. Whether this nation is in a state of readiness to meet its commitments depends to a great extent on the readiness of our Reserve Components. You can contribute to this readiness by conscientiously completing the form and returning it without delay.

⁶ Whether you are assigned to a unit or to a control group, you must respond to certain letters. If you fail or refuse to answer such letters, you may be considered an unsatisfactory participant and may be discharged from the IRR for misconduct with a service characterization of under other than honorable conditions.

⁷ You must keep the Army advised of your current address. You may expect to receive material regarding veterans' benefits, Active Army communications, forwarded mail, and information pertaining to our ARNG or USAR affairs. If you move from the address shown in item 19 of DD Form 214, members who are assigned to a USAR control group at RCPAC must promptly report the change of address to Cdr, US Army Reserve Components Personnel and Administration Center, 9700 Page Blvd, St Louis, MO 63132. You must do this so that official mail can be sent to you while you are fulfilling your military obligation.

Table C-2

1	Members of the Army National Guard (ARNG), or the United States Army Reserve (USAR) may voluntarily remain as members of their respective organizations after completing the Ready Reserve portion of their service.	Members continue to earn promotions, training pay, and retirement points while broadening their experience, and enjoying meaningful training and association with fellow members.
2	Join an ARNG unit. a. <i>The Army National Guard of the United States (ARNGUS)</i> is made up of the ARNG of the 50 States, the Commonwealth of Puerto Rico, the Virgin Islands, and the District of Columbia. It contains combat divisions, separate brigades, battalions and combat support units. b. When the ARNG units are not in active Federal service, they are under control of their States, Puerto Rico, the Virgin Islands, and the District of Columbia. The Governor of the State is Commander in Chief of the ARNG in his own State. c. The ARNG has a dual mission. In addition to its Federal mission, there is a State mission to protect life and property during disasters such as hurricanes, floods, forest fires, explosions, etc., and to preserve peace, order, and public safety. d. When ordered into active Federal service by the President, the ARNGUS is organized, trained, equipped, and able to furnish units capable of immediate expansion to war strength. It is ready for service anywhere in the world.	a. There are five distinct advantages to joining an ARNG unit: (1) There has been and continues to be a need for people of integrity possessing skills required by units of the ARNG. (2) You will receive 1 day's pay for each 4-hour training assemblies are conducted one weekend each month.) (3) You will have an opportunity for promotion. (4) You may qualify for retirement pay at age 60 if you complete 20 years of qualifying service.

		<p>(5) In the event of mobilization, you will live and serve as part of an integral team familiar to you. You will not be a stranger as might be the case if you were called to active duty as an individual replacement.</p> <p>b. While you are a member of the ARNG, you are required to participate in training. Participation in an ARNG unit means attending, in prescribed military uniform, normally one week-end of training per month, plus 2 weeks of annual training usually in the summer.</p>
3	<p>Join a USAR unit or control group.</p> <p>a. The USAR is a completely Federal military force made up of both units (Selected Reserve) and members not assigned to units. Those not assigned to units are referred to as Control Group members. The units include a number of training divisions and many separate units of every branch of the Army.</p> <p>b. The USAR is divided into three categories:</p> <p>(1) <i>The Retired Reserve</i> consists mainly of members who have completed the periods of service required to qualify for retired pay and members retired for disability. However, separated members who completed 8 or more years of qualifying service and who are over 37 years old also generally are eligible for membership in the Retired Reserve.</p> <p>(2) <i>The Ready Reserve</i> is made up of units (Selected Reserve) and members of the Individual Ready Reserve (IRR). The Ready Reserve includes all USAR units and the individual members assigned to them and all individual members assigned to the IRR, which consists of Control Groups only.</p> <p>(3) <i>The Standby Reserve</i> is made up of the members of the USAR who are liable for active duty only in time of war or national emergency declared by Congress, or when otherwise authorized by law, and then only when they have been determined by the Selective Service System to be available for mobilization. Members of the Standby Reserve are not required to take part in any Reserve training, and are not assigned to units. The Standby Reserve consists of a pool of personnel, whose skills and professional knowledge may be required in a national emergency.</p>	<p>Members assigned to the Retired Reserve may be ordered to AD without their consent only in time of war or national emergency declared by Congress.</p> <p>Members of the Ready Reserve may be ordered to active duty in time of national emergency by congress or Presidential proclamation or when otherwise authorized by law. Selected Reserve (unit) members have all the benefits and obligations of ARNG members, summarized in rule 2 (Col B), above. IRR members are required to maintain their military clothing in top condition in the event they would be ordered to AD in a mobilization. Standby reservists are required only to reply to official correspondence received. If you are eligible for, request transfer to, and are subsequently assigned to the Standby Reserve, you:</p> <p>(a) Will remain in the Standby Reserve for the remainder of your service obligation unless sooner discharged or transferred to the Ready or Retired Reserve.</p> <p>(b) Are subject to be transferred to the Ready Reserve either upon your request or involuntarily, when the conditions for which you were released from active duty no longer exist or have been mitigated.</p> <p>(c) Must report any change of address to the Commander, US Army Reserve Components Personnel and Administration Center, 9700 Page Boulevard, St. Louis, MO 63132.</p> <p>(d) Are entitled to earn retirement point credits while assigned to the Standby Reserve as well as while in the Ready Reserve.</p> <p>(e) Are required to maintain your military clothing in top condition in the event you would be ordered to AD in a mobilization.</p>

Notes:

* Interested members may sign up with the RC In-Service Recruiting NCO at the Separation Transfer Point/Activity or any ARNG or USAR unit. For further information, enlisted members may call 1-800-325-1870, toll free; officers may call 1-800-325-1876, toll free, and ask for their branch.

2	Rule 1 applies	has more than 4 years service for pay purposes and has served more than an initial term of active Federal service.	<p>a. he must wait at least three months before he may enlist.</p> <p>b. he may have to be enlisted at least one grade lower than the grade he held when he separated due to this break in service.</p> <p>c. he will not be entitled to an enlistment bonus.^{1, 2, 3}</p>

Notes:

¹ Only a certain number of prior service members may be accepted for enlistment from civilian status. Therefore, although a member may be fully qualified, he may not be accepted.

² See local Armed Forces Examining and Entrance Station representatives for further information.

³ Members who are eligible to enlist without a waiver, but do not desire to do so during separation processing, will receive a DA Form 1811 (Physical Data and Aptitude Test Scores upon Release from Active Duty). This form is good for 1 year after relief from active duty to speed up enlistment without further mental tests. Also, members who present this form to a recruiter within 6 months of separation may be enlisted without a medical examination if one was taken upon separation.

They may be ordered to active duty by the President and may be assigned such duties as the President may deem necessary in the national defense.
2	Commissioned officers or warrant officers, other than Regular Army who are members of the ARNGUS and the USAR—and are granted retired pay under any provision of law. ²		they may be ordered to active duty without their consent only in time of war or national emergency declared by Congress. However, at other times, they may not be ordered to active duty without their consent, unless the Secretary of the Army, with the approval of the Secretary of Defense, determines that there are not enough qualified members in the Ready Reserve who are readily available.

3	Commissioned officers, warrant officers, or enlisted, regardless of component, determined to have a physical disability which may be of a permanent nature, but is not known whether it is at time of retirement. ^{1, 2, 3}	be placed on the Temporary Disability Retired List (TDRL),	pending final determination of their status, these members will not be ordered to active or inactive duty.

Notes:

¹ Conflict of interest: Retired Regular Army commissioned officers and warrant officers are required to file DD Form 1357 (Statement of Employment) with the Cdr, US Army Finance and Accounting Center (USAFAC), ATTN: FIN-CM, Indianapolis, IN 46249, within 30 days after retirement. This form requires data on their post-retirement employment. It is required in the 30-day timeframe even if the retired officer is not employed. AR 600-50 requires members to submit a new DD Form 1357 when information on the form on file no longer is current (file must be kept current for three years after retirement). USAFAC routinely mails AR 600-50 and DD Forms 1357 directly to the concerned officers, in time to meet the 30-day limit if address given by the officer is accurate and current.

² Some officers are required to submit Report of Defense Related Employment. See paragraph C-9, this pamphlet.

³ Medical evaluations. Members on the TDRL must undergo a medical evaluation at least once every 18 months at a time and place determined by HQDA. If a member refuses or otherwise fails to report as ordered for this evaluation, his disability retired pay will end. Members on TDRL should report any change in their address to HQDA (DAPC-EPA-D), Alexandria, VA 22332.

Appendix D

Records Initiated and Closed, and their Disposition During Final Separation Processing

D-1. Records initiated.

Prepare the following records, as applicable to the type of separation, for each member being separated. All data contained on service documents on file in the member's DA Form 201, DA Form 3444 series and DA Form 3716 will be used in preparation of these records. To ensure accuracy of repetitive data, use word processing equipment to the maximum extent possible in preparing the records. Obtain required information which is not part of the official records by interview with the member concerned.
